

AFFORDABLE WEBSITE SOLUTIONS

Elemint Creative and RAN Technologies are teaming up to offer you effective website solutions at an affordable price.

A website is the main touch point of any organisation for potential and existing clients. Elemint Creative's website designs are not only aesthetic, but serve a variety of aims from sharing information to communicating new developments.

RAN Technologies develop websites and web applications in HTML5, PHP and CSS3 using the latest trends and industry best practices.

Together, we will ensure that your website catch and hold the attention of a visitor long enough to absorb the idea or purchase the product you are selling, while functioning optimally and effectively.

Choose from 5 templates
Extra pages at R 500.00 p/p
Start to completion: 10 working days

Why choose us to design and develop your website?

1. You will receive a well designed website by a qualified graphic designer.
2. Your website will be customised so that it looks unique and professional, and does not look like a DIY website.
3. Your site will be properly coded by a qualified programmer.
4. The website will be mobile ready - can be viewed on computers, smart phones and tablets
5. The cost includes initial Search Engine Optimisation (SEO). Contact us for further maintenance packages for SEO.
6. You will build a relationship with the actual people that design and develop your website, and will not reach a call centre when you need support or changes on your website.
7. The template you choose is customised for your company so it looks unique.
8. You will receive 1 hour of free updates for the first month and can thereafter consider a maintenance contract of R 440.00 p/m. This includes:
 - Free hosting for the duration of your contract.
 - Free initial registration of your domain (Renewable every 12 months).
 - 1 hour of updates and changes per month.
 - Full weekly backups of your site to a secure and encrypted location.
 - All security and maintenance updates to WordPress and its plug-ins on a monthly basis.
9. We sign over / give away the website at no cost, should you decide to move to another designer / hosting company.
10. Stock images in Elemint Creative's library are free.
11. All prices include VAT.

Optional extras

1. Copy-writing by a qualified copywriter, specialising in writing content for websites.
2. Stock images not in Elemint Creative's image library at additional costs of R100 – R250 per image.
3. Training to update and manage sites internally by your company.
4. Design and development of logo and corporate ID
 - a. Logo: 3 options R 2 400.00
 - b. Logo: 5 options R 3 400.00
 - c. Stationery: letterhead, business card, email signature R 1 200.00
 - d. Printing of business cards
5. Hosting at R 570.00 per year (includes domain registration)

The small print

1. A 50% deposit is payable, balance on completion of website.
2. Once all payment has been received the site will launch immediately.
3. Building of the website starts once all final content, images and logo in a suitable format is received from the client.
4. Hosting contracts are for minimum of 12 months.
5. If you already have a hosting company, your hosting package must accommodate Wordpress (MySQL).
6. A contract will be signed by all parties involved - Elemint Creative, RAN Technologies and the client.
